

Simplifying Global Supply Chains

Industry-leading freight management solutions

TVS Asianics is a supply chain solutions provider which owns and operates an integrated logistics network with more than 1,300 logistics professionals in 45 operating locations within 15 countries across Asia, Oceania and Europe.

Driven by a team of trusted industry leaders, We have extensive capabilities and innovative solutions for all global freight forwarding needs and our people are on the ground where it matters most. Our core offerings include international freight forwarding, first- and last-mile services, transportation and inventory management, value-added services, and contract logistics.

Collaborate. Innovate. Accelerate.

TVS Asianics is part of TVS Supply Chain Solutions Limited (TVS SCS), an international conglomerate with offices in 20 global markets across Asia, Europe and the Americas. Both TVS Asianics and TVS SCS are part of the TVS Group, which has over 100 years in trading experience and an annual turnover exceeding USD 8.5 billion.
